

**FOR IMMEDIATE RELEASE**

## **UBCC Announces Client Conference September 23 – 25, 2009**

*Bellagio, Las Vegas, NV, Las Vegas' foremost casino resort*

**July 23, 2009 – TAOS, NM** - Universal Business Computing Company ([www.ubcc.com](http://www.ubcc.com)), the leading provider of high volume, high productivity payroll and accounting software, announces today that the 2009 UBCC Client Conference September 23 – 25, 2009 will be held at Bellagio, Las Vegas, NV.

UBCC's three-day client conference will be filled with valuable information and the exploration of the latest features and efficiency techniques UBCC technology offers. This year, UBCC has added new sessions to the schedule including breakout sessions geared appropriately for a client's experience level as well as hands-on labs to explore and experience some of the most requested features of UBCC.

Because of the flexibility and portability of UBCC technology, conference attendees are encouraged to bring a backup of their UBCC software on a thumbdrive, which will allow them to immediately incorporate new productivity techniques from the hands-on lab portion of the conference. "When our clients return to their office, they will move their UBCC (thumbdrive) content back into their office and immediately increase productivity due to these lab sessions," said Ken Garen, CPA, Co-founder and President of UBCC.

### **The 2009 UBCC Client Conference schedule includes:**

**Wednesday, September 23, 2009:** Write-up, Bank Reconciliation, Depreciation, Accounts Receivable and Accounts Payable.

**Thursday, September 24, 2009:** All functions of UBCC technology, common to both Write-Up and Payroll, will be explored. The Client Conference Reception will be held this evening.

**Friday, September 25, 2009:** "All things payroll" will be the focus of the sessions on this day. Attendees will explore and learn about the latest enhancements and productivity features in UBCC payroll programs.

"Every year, new and long-term clients tell us how much they learned about the software and how just one or two of the new techniques or features they learned about in a session paid for their trip to the conference," said Garen. Last year, during the first break on the first day of the conference a client commented, "If I left the conference right now, I still have learned enough to pay for the entire trip!"

**The 2009 UBCC Client Conference vendor sponsors include:**

**InsureLinx** ([www.insurelinx.com](http://www.insurelinx.com)), a web-based platform provided by Cennarius, for payroll providers to offer pay-as-you-go workers' compensation insurance to their clients and has custom integration with UBCC payroll software. InsureLinx enables payroll providers to submit leads, calculate premium, transmit payments, create certificates of insurance (COI's), simulate audits and earn renewable yearly referral fees.

**Intercept EFT** ([www.intercepteft.com](http://www.intercepteft.com)), InterceptEFT is one of the most technologically advanced processors in the industry. Offering affordable pricing and customized applications combined with experienced, responsive staff. InterceptEFT provides: Direct Deposit, Direct Payment, Credit Card Processing, Check Conversion/Guarantee, Remote Deposit/Image Processing, along with Origination/Wire Software. Let InterceptEFT streamline your financial transactions to accomplish more, stress less!

**iTransact** ([www.itransact.com](http://www.itransact.com)), provides very low cost, high quality merchant accounts payment processing for credit cards and checks, debit and EFT, e-checks, and even gift cards, online or in store (or both). iTransact processes all transactions in one place. iTransact's quick payments and robust tools to get up and going right away, make them your best choice for payment processing.

**Print Management Partners** ([www.ourpartners.com](http://www.ourpartners.com)), provides checks, forms and paper supplies. Print Management Partners is a company that believes in the value of true partnership. The relationship Print Management Partners forms with customers is the key to their success. They believe investment is the foundation of their continued accomplishment, whether it is with their customers, in their employees, or in technology.

**SwipeClock** ([www.swipeclock.com](http://www.swipeclock.com)) SwipeClock™ is an online time and attendance solution for businesses, both large and small. It defines practicality in today's timekeeping industry, offering simple hardware setup, exceptional user-ease, and affordability to businesses of all sizes. Through the SwipeClock™ Partner Program, payroll providers can automate the process of collecting timekeeping data while increasing revenue.
